VALENTINE'S DAY CAKE SALE - ALL DAY WEDNESDAY

Parents And Children Invited

On Wednesday, February 14th, our third annual Valentine's Day Cake Sale takes place at the Guggenheim School. The children and their parents too, will be able to buy delicious cookies, cakes, cupcakes, brownies, etc. We all enthusiastically look forward to purchasing the goodies that our mothers so generously donate. So Mothers!!!!--Don your aprons--choose your favorite recipes----send or bring the baked goods to the Cafetorium after 8:30 a.m. on Wednesday.

The Sales Booths will be open all day to give everyone ample opportunity to select a tempting dessert.

Our Cake Sale chairman, Mrs. George Keyes, urges everyone to help make this year's sale our most successful one.

P.Y.A.

Registration blanks for the spring programs of Port Washington Youth Activities were distributed at school this month to children from second year thru sixth year.

Among the activities listed for the coming season are archery, bowling, and tennis for both boys and girls; Little League and Babe Ruth baseball for boys; lacrosse for boys; and softball for girls.

Port Washington children are very fortunate in having the opportunity to participate in PYA. There is a great need for adult assistance in this organization. Whatever your abilities and capabilities, they can make use of your interest and time.

Please have your children register promptly.

SPRING FASHION SHOW

On Thursday evening March 14, 1968 at 8 p.m. the PTA will hold its first fashion show in the Cafetorium. Clothing from Annette's dress shop will be modeled by teachers and parents, as will wigs and hairpieces by La Tiste beauty shop. Coffee and cake will be served. There will be many, many, door-prizes and favors contributed by the local merchants. Sweepstakes will be held too, with some very extravagant prizes. Tickets are only \$1.50, and are selling quickly. Since only a limited number will be sold, get yours as soon as possible! The following mothers are selling them:

Devastation

The tornado is a tyrant,
He's also very quick,
He whistles round the hydrant,
And rustles every stick.
The tornado always wheezes,
And blows all things aloft,
But I prefer small breezes,
For they are much more soft.

My Friend Ali Benali

Ali Benali is my friend.
Ali Benali is a boy.
Ali Benali is not a toy.
Ali Benali is sure my friend.
Ali Benali says this is the end.

A Brave Man And A Crook

A pirate named Hook,
'n explorer named Cook,
Are people about whom I read in a book.
At their pictures I look,
Such adventures, I shook.
It's fun to read in my reading nook.

WINTER WONDERS

HAIKUS

The snow falls gently
On house tops and on people,
as white as a sheet.

U.N. Trip

On Tuesday, December 12, Mr. Sficos' and Mr. Onody's 6th. year classes went on a trip to the United Nations in New York City. When we got there, we went on a guided tour of the U.N. Some of the things we saw were the room where the General Assembly meets and the meeting rooms of the Trusteeship Council, the Economic and Social Council, and the Security Council. After the tour we were able to buy souvenirs, and to sit in on a General Assembly meeting. Then we ate lunch and went back to school. It was a good trip which everyone enjoyed.

From Egg To Chick

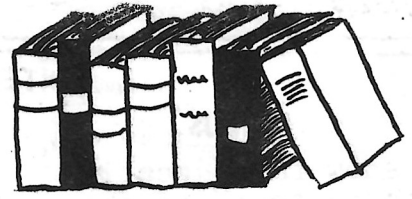

Our class decided to hatch chick eggs to go along with our study of birds. We made an egg incubator and opened an egg every few days to see the development. Sometimes we were even lucky enough to see a beating heart. On the last egg we opened, we saw where the feathers would be. On the eighth day of our experiment, we candled the eggs to see which were developing. That is, we put the eggs in front of a light so that we could see the variety and amount of veins developing. This process is called candleing. The eggs take twenty-one days to hatch. We are hoping for a successful experiment.

THE BOOKSHELF

Secret Under The Sea

by Gorden R. Dickson

Robby, a boy of twelve, lives in what we call the future. He lives with his mother and father who are marine biologists. They live in an underwater station. Robby has a pet dolphin named Balthasar.

At this time Robby's mother is in Hawaii and his father was just about to go there too. While Robby's parents were away Mr. Lillibulero took care of Robby and the station. While his parents were away things began to happen.

The first night some vandals(robbers) came and took over the station. Luckily Robby and Mr. Lillibulero dove into the water before the vandals could catch them. During the time they were underwater a killer whale swam by. Mr. Lillibulero and Robby ducked into a cave. The dolphin Balthasar came too. Suddenly the killer whale shot away. Read this story and find out what happens next!

The Shy Stegosaurus Of Cricket Creek

by Evelyn Sybly Lampman

This book is about two children who find a thousand year old left-over stegosaurus, and the adventures they have with him.

Joey and Joan were twins. They lived with their mother's best friend Mrs. Brown. There was a professor who rented a room in the house. Everyday he went into the desert to look for bones and fossils from dead dinosaurs. He has a very bad memory and always forgot his lunch.

That day the twins had to bring it to him. They rode in a buggy and their horse Daisy Bell was pulling it. They gave him his lunch and started back. On the way they saw a poisonous snake. All of a sudden a large scaly foot covered it. Joey and Joan looked up and saw a giant stegosaurus standing there.

All of a sudden the dinosaur said, "Hello." They made friends in a minute and visited him every day. He always stayed in the mountain because he was so shy.

Joey and Joan decided to name him George. George helped get money for their house by eating sagebrush in front of other peoples's houses. They had many more exciting adventures. I like this book because it was funny and exciting.
